Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Monday 17 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Brightening up, but showers becoming more widespread and locally heavy.

Today:
After a cloudy start, it should brighten up through the morning. However, scattered showers in the west will become more widespread and locally heavy and thundery during the afternoon. Maximum temperature 15 deg C (59 deg F).

Tonight:
Showers gradually easing through the evening, and becoming dry by midnight. A few mist or fog patches possible by dawn especially on the Derbyshire hills. Minimum temperature 6 deg C (43 deg F).

Tuesday:
Some bright or sunny spells, but with scattered showers across the region by afternoon. Showers again possibly heavy and thundery, but tending to ease towards evening. Maximum temperature 17 deg C (63 deg F).

Outlook for Wednesday to Friday:
Sunshine and occasional showers on Wednesday. Dry and bright on Thursday morning, but wind and rain spreading east later. Windy on Friday with showers or some longer spells of rain.
